

## Specialty Pigments

For Food & Beverage Applications

# Water Soluble Dyes & Blends

Koelow is a range of water soluble synthetic dyes for food applications.

Synthetic colours are the most preferred option across food applications globally. Synthetic colours have their own strengths—safety, availability, precision and versatility, which make them ideal for food applications.

Water-soluble dyes are available in a variety of shades to satisfy every need.

Koel's innovation center working hand in hand with the partners towards newer types of colours that are best suited for new applications.
