About Koel:

The global champion of dyes & pigments, Koel is an actual manufacturer of the pigments for Cosmetics, Personal Care, Home Care, Pharmaceutical, Food & Beverage, Pet Food & Animal Feed industries.

Koel strives to provide International quality certified products since 1972, which has enabled us to rise to the prominence of being the colour experts, delivering the latest and innovative pigment & ingredient technologies for your formulations. Koel offers a platform that supports formulation development and application support. Over the years, the experts at Koel have developed an eye for process enhancements which enhance product stability, prevent contamination issues and ensure short lead time.

Driven with ethical values based framework, Koel family boasts of a young & dynamic team grounded with strong Indian values in a pursuit of building a global brand with robust manufacturing facilities & astounding customer support. Koel has an array of sophisticated QC Testing premises in-house, covering all kinds of QC tests including testing of Heavy metals, microbiological contamination, particle size, etc.
